The sea gulls killed in the Ohio river in front of the city several weeks ago have been mounted and now adorn the backstand of Ed. and Bill. They are beautiful specimens of the genus larus, with long, narrow wings and a straight beak hooked at the tip.

FORTY APPLICANTS

For the Principalship of the Maysville High School

Mr. D. S. Clinger of Manchester, O., was here Saturday looking after his fences in regard to the Principalship of the Maysville High School.

In this connection it may be stated there are forty applicants for the place and they represent almost as many different states.

Some have college degrees, some have scholarships, some have medals, some have certificates and some have only sounding brass behind them.

When the time comes for the School Board to make a selection they will certainly have a job lot from which to choose.

It is to be hoped that the Board will not be slim-flammed, and that whatever it may be will be made of the real stuff—capable and worthy in every particular.

ANOTHER BAD GUESSER

Lady Who Predicted Clear Weather Provoked Heavy Rain

Mr. Frank Miller is a lover of the beautiful, and especially so of the heavens with its sublime sunsets and manifold panoramic views of the night.

Friday night, while standing at his gate scanning the ever changing scene and absorbed in the mysteries of the handiwork of an unseen hand, a lady friend, who is of the same turn of mind, called his attention to a ring that encircled the moon and of eleven stars within the prescribed limit.

The lady remarked to Mr. Miller that it was an unfailing sign that it would not rain for eleven days.

About three hours later the floodgates of heaven were opened and enough water descended to serve all practical purposes for eleven days or more.

As a weather prognosticator Frank's lady friend is no better than Bassler or the goosebone.

PAIR OF OLD ONES

Two Local Toughs Again Indulge in Hold-up and Robbery

Saturday night, about 7:30 o'clock Zeke Smith and Pud Wilburn decoyed Robert Vincent of the Mervin neighborhood into an alley in the West End, knocked him down and robbed him of his pocket-book containing \$4, and a penknife.

Smith was arrested by Officer Ryan and brought before Chief Donovan, who recognized him as an old offender.

Wilburn escaped.

Both men are desperate characters, having served time at Frankfort.

Smith said this was his first visit here in four years, and by the time he gets through with the little matter now on his hands it will likely be another four years before he will have the privilege of again promenading the streets.

He broke jail here seven years ago but was captured in Ohio, brought back and convicted and sent up to Frankfort.

The Chief is doing good service in rounding up these strong-arm gentlemen and making this city too warm for them as an abiding place.

By its latest survey, Dover, East and West, now extends one mile and 406 feet.

WHAT now bothers THE LEDGER is to know if HARVEY PARKER is Mayor of Vanceburg or Beckham county? If so, how much?

IF, during the scrummage in the Far East, the Missionaries find Korea a little too hot for them, they might do some good work at Springfield, O.

BOTH Kentucky's Senators voted against the confirmation of Doctor Jai Alai Woon to be Major General in the Army. That much to their credit, anyway.

BETWEEN unraveling the Beckham county Ohio—Kentucky tangle, and regulating Auditor's Agent LUCAS the Bank tax suit, there promises to be a busy time at Frankfort.

WITH a fee of \$15,000 for the Assignee and \$8,000 for the Attorney in settling the Phoenix Brewing Co.'s affairs in Louisville, it looks like the creditors would get only the foam.

AUDITOR'S AGENT LUCAS, who brought all those suits against the State Banks, and whose action Auditor HAGER has repudiated, has hurled a defi at the latter. This looks like a case of tail wagging the dog.

WHAT a powerful thing the Legislature has become when it can wipe out whole counties, with all their duly elected officials, without asking the permission of a single citizen. It wasn't that way before Kentucky was poisoned by the Goebel virus.

The commerce of the countries fronting on the scene of the war in the Far East amounts to about \$600,000,000 a year, of which the United States has about one-sixth, or \$100,000,000.

Do You Want Strength?

If you want to increase your strength you must add to and not take from the physical. In other words, the food that you eat must be digested, assimilated and appropriated by the nerves, blood and tissues before being expelled from the intestinal tract. Kodol Dyspepsia Cures adds to the physical. It gives strength to and builds up strength in the human system. It is pleasant to the taste and palatable, and the only combination of digestants that will digest the food and enable the system to appropriate all of its health and strength-giving qualities. Sold by J. Jas. Wood & Son, Drug-gists.

THE Court of Appeals and Judge CANTRILL'S Court can escape a tremendous responsibility by turning the Caleb Powers case over to the Supreme Court of the United States. The decision of that Court would probably satisfy everybody in the country—in any event they would have to be satisfied with it.

DANIEL J. SULLY the "Cotton King" has gone the way of all "plungers." He made a few millions one day, and went dead broke the next. It is well; for when a man is powerful enough to create fictitious values for imaginary crops, it is time to crush him, lest he crush thousands of others.

A WASHINGTON dispatch to The Louisville Times, noting the return of Senator BLACKBURN from Kentucky, gives that gentleman's views on state politics after this fashion—

"There is a widespread suspicion, if not a conviction," said Senator BLACKBURN, with reference to the local political situation, "that there is an organization among the Kentucky Democrats in the nature of a machine that has lately been dominating the policies of the party, and I might add that there is an equally widespread purpose to see that it no longer controls the Democratic party in Kentucky. This is the question that rises above all others in importance, and the question that the coming State Convention will have to settle. It had as well be understood once for all that if there is to be a Democratic party in Kentucky it must be a clean one, without the taint or smell of machine rule. Machines may flourish in Pennsylvania, New York and some other states, but the atmosphere of Kentucky is not suited to their growth. No man or set of men have ever been able so far to employ such methods successfully in Kentucky, nor has the time yet come when it can be done. The coming State Convention will be called upon to restore the control of the Democratic party directly to the people. This will be insisted upon. The issue will be squarely presented in no uncertain terms, and upon its settlement depends the retention of Kentucky's affairs by the Democratic party.

"If the people are not to control," concluded Senator BLACKBURN, "the Democratic party cannot retain its power in the state, and does not deserve to. There will be no fighting under cover. It will all be in the open."

Amen!

But doesn't this sound strange, coming from the lips of the same gentleman who declared from the stump, in the Goebel-Taylor campaign, that "if there is to be any stealing in Kentucky this year, we will see that the Republicans don't do it."

Sheriff John F. Haney of Boyd county has typhoid fever.

Among the natural curiosities of Japan are its singing insects. The most prized of these tiny musicians is a black beetle named "susumushi," which means "insect bell." The sound that it emits resembles that of a little silver bell of the sweetest and most delicate tone.

A number of Indian chiefs and members of their tribes called on President Roosevelt and were advised by the President that a cessation of horse racing and gambling would conduce to their advancement as citizens of the United States. They were urged to turn their attention to cattle raising and agriculture.

TEST TO BE MADE

Judge Harbeson To Decide Item of Costs in Magistrates Court

The matter of costs in a Magistrate's Court has been a subject of frequent discussion here of late.

It has been defended by the Magistrates and abused by the fellow called upon to foot the bill.

The attention of THE LEDGER has been called to three cases in Squire Dresel's Court of recent date that call for an explanation.

It seems that three prominent citizens of the Sardis neighborhood became embroiled in an altercation.

Not wishing publicity and notoriety they appeared in the Squire's Court and plead guilty to a breach of the peace.

They were taxed \$12.05 in each case, \$5 of the amount going to the County Attorney.

There is no law justifying the Magistrate to collect \$5 for the County Attorney unless he is present and prosecutor; on the contrary, the Kentucky Statutes say he is not entitled to any fee for services not actually rendered.

It further says one illegal charge makes the whole bill void.

We understand one of the cases is to be taken before Judge Harbeson for solution.

Well Again.

The many friends of John Hutton will be pleased to learn that he has entirely recovered from his attack of rheumatism. Chamberlain's Pain Hail cured him after the best doctors in the town (Montgomery, Ind.) had failed to give relief. The prompt relief from pain which this liniment affords is alone worth many times its cost. For sale by J. Jas. Wood & Son.

READ IT THROUGH.

'Twould Spill This Story to Tell It in the Headlines.

To use an eighteenth century phrase, this is an "old true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John E. Hartman of Melfa Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was." For sale by J. Jas. Wood & Son.

CONSTIPATION

"For over nine years I suffered with chronic constipation and during that time I had to take an injection of warm water every night before I could have an action on my bowels. Happily I have now got rid of it and today I am a well man. During the nine years before I had Cancer I suffered untold misery with internal piles. Thanks to the skill of Dr. F. Fisher, Rosedale, Ill., I can now live in the service of suffering humanity."

Brazilians are great coffee drinkers. Numerous cups are drunk each day by the average man and woman. The beverage is made very strong and very sweet. It produces an exhilaration of a more intense and lasting kind than beer. Those addicted to this habit become very restless and scarcely able to sit still or stand still even for a moment.

A CRAZY MAN

FOUND EATING AN EGG, SHELL AND ALL.

Rational people thought it was awful, as the shell had no food value, and was, of course, indigestible and injurious.

It is just as crazy for rational people to swallow a lot of cod liver oil, to get the medicinal curatives from it, as it was for the crazy man to eat the egg, shell and all.

Modern science has proved that the oil, or greasy part of cod liver oil, has no value whatever, and only upsets the stomach and retards recovery. It is the medicinal elements which are enveloped in the cod liver oil, of which there are about fifty, that represent all the tonic and curative power of the famous old remedy.

A preparation containing all the medicinal curative elements of cod liver oil, actually taken from fresh cods' livers, but entirely free from oil or grease, must, therefore, be the very best tonic reconstructor possible. Such is Vinol. It positively does contain every one of the fifty old medicinal curative elements of cod liver oil, fresh and sweet, just as the egg shell contains the nutritious food, and we throw away the useless, indigestible oil, just as you throw away the egg shell.

Knowing its wonderful medicinal and curative power, we guarantee to restore health and strength to the following or refund their money without question:

Run down, debilitated, tired, overworked people; old people, weak women, nursing mothers, puny, ailing children, convalescents, or to people suffering with hard colds, hacking coughs, incipient consumption and bronchitis. Vinol never fails to make rich, red blood and give strength to the weak and health to the sick. Try it on our guarantee. If it doesn't do you any good it won't cost you a cent. J. C. The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Baffled troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes this unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, **Swamp-Root**, Dr. Kilmer's **Swamp-Root**, and the address, Binghamton, N. Y., on every bottle.
